

A photograph showing a woman with long brown hair, wearing a pink long-sleeved shirt, pointing her right hand towards a laptop screen. She is in a meeting setting with other people partially visible in the background.

## Audiologist in product management (f/m/x)

MAICO is a medium-sized company with more than 80 years of experience in hearing test technology and has been working to advance hearing healthcare as part of the Demant Group since 1995. *Early detection of hearing loss today for a healthy and happy life tomorrow* - this vision guides us in the development of intuitive and reliable hearing screening devices. If you are as convinced of quality, passion, teamwork and honesty as we are, we can offer you a long-term career perspective, exciting challenges and room for personal development as one of 50 experts at our headquarters in Berlin. We want to expand our product portfolio and are looking for your modern know-how for the creation and maintenance of PC and mobile applications as a:

### **Audiologist in product management (f/m/x) Full-time / permanent / immediately**

#### **The purpose of your duties:**

- Supervision of audiological products in the field of audiometry, tympanometry, OAE and ABR
- Planning and responsibility of the life cycle of the assigned products
- Define products for easier useability and to facilitate customers' work
- Planning of product positioning and supervision of the market launch
- Training and support of nationally and internationally relevant units
- Participation in sales-supporting measures and actions
- Creation and presentation of decision proposal
- Cross-divisional coordination of different departments

#### **The strength of your profile:**

- You have a successfully completed audiological apprenticeship / degree (FH, university) or have a comparable qualification
- Ideally, you bring professional experience in the technical product environment and/or in the commercial support of products
- You have a strong strategic and analytical mindset

### **MAICO Diagnostics GmbH**
